15 September 2021

Dear parents/carers

## RE: YEAR 6 NEED YOUR HELP!

Over the last two years we have been learning about our world and in particular how climate change is affecting it.

We have looked at many of the sources that have contributed to climate change and although many of these issues need to be changed by our world leaders we have also looked at our own personal habits and how we too can make changes in our own lives to help improve this.

One area that we have focused on is landfill and sustainability. We realised through our discussions how often we buy new and throw away the old, even when those items are still in good condition, in particular our clothing. This gave us an idea for a whole school project in order to promote sustainability by working together.

We would like donations of 'Winter Woolly's' this includes the following items:

- Coats
- Hats/scarves/gloves
- Dressing gowns/onesies
- Wellington boots
- Waterproof clothing

If you could donate any of the above items up to the age of 14 years old, it would be very much appreciated. Please ensure that they are still wearable and clean.

After a period of isolation, the Year 6 children will then sort the clothing into age groups and we will arrange them in the KS1 playground on **Friday, 8 October 2021** for parents to come and help themselves after school.

We will be talking to the children in assembly about our project and why encouraging us all to recycle clothing is important and necessary.

If you can help us please send donations to school by **Wednesday, 6 October 2021**.

Many thanks.

*Year 6*
