Where are
we ?

Cyprus at a glance.

We love Cyprus

My Cyprus 🌐 🌐

Cyprus is an island.

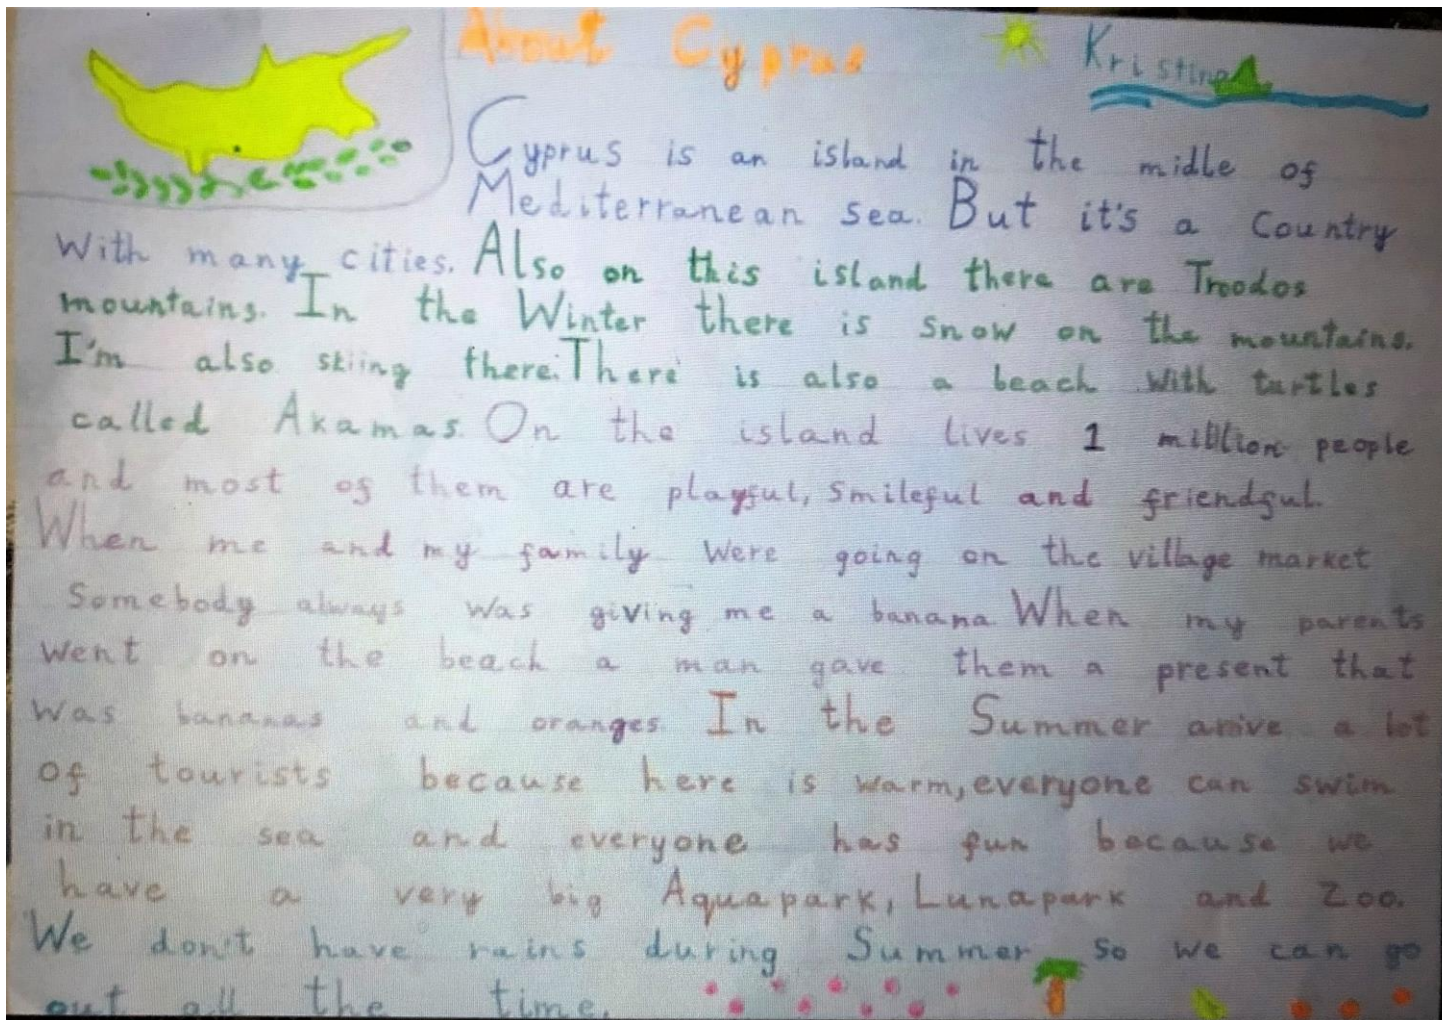

It's very beautiful.

Cyprus has a population
of 1 million people.

I love Cyprus because it has
nice beaches.

And I love Cyprus because
it has nice weather.

The last I love Cyprus
because it has nice food.

Also on this island there are Troodos Mountains. In the winter there is snow on the mountains. I also ski there. There is also a beach with turtles, called Akamas.

We don't have rains during the summer, so we can go out all the time.

Easter

Easter is very important in Cyprus. They have Easter eggs, special bread and they gather at Church for Easter day. We have 2 weeks of holiday for Easter. But the most important part is that Jesus died on the cross for our sins and then he rose again!

Climate and Landscape

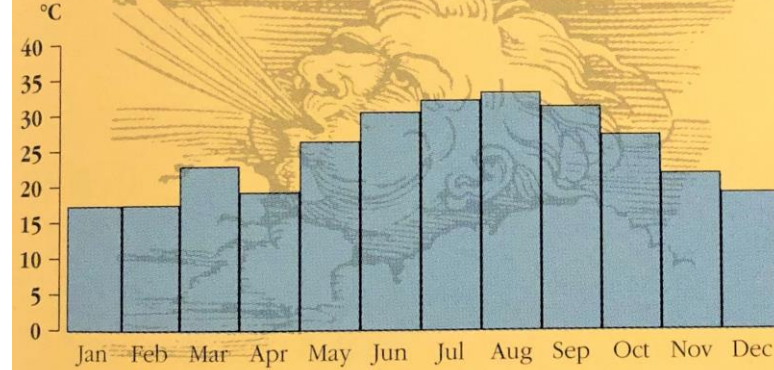

A Place in the Sun !

If you love the sun

Cyprus is the place to come.

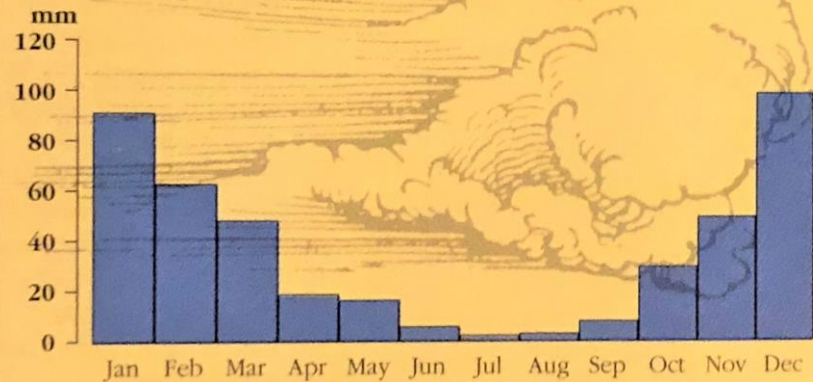

AVERAGE MONTHLY TEMPERATURE

Temperature

In the summer, temperatures may reach up to 40° C (104° F). Many people enjoy visiting the island out of the high season. Only the higher sections of the Troodos Mountains, which are covered with snow in winter, record temperatures below freezing.

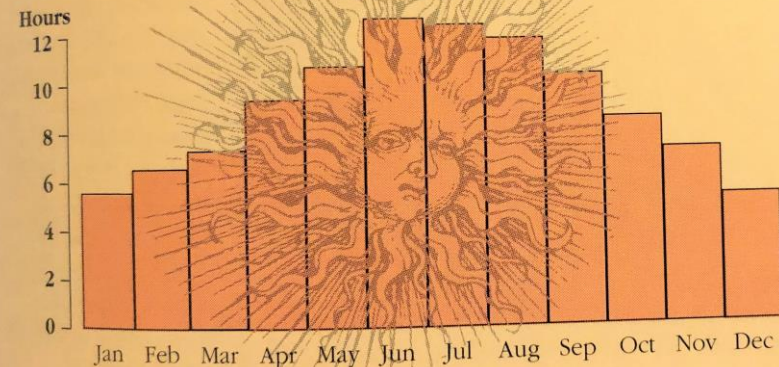

AVERAGE MONTHLY RAINFALL

Rainfall

The lowest rainfall occurs in July and August, the highest between November and February. Thunderstorms are rare in the summer. In the mountain regions, however, clouds may be thicker and rain more frequent than in the coastal areas.

AVERAGE DAILY HOURS OF SUNSHINE

Average Hours of Sunshine

In June and July, the amount of sunshine reaches nearly 13 hours per day. These months mark the peak holiday season. December, January and February have the fewest hours of sunshine, but the winter sun is pleasant and warm.

Climate of Cyprus

Hot dry summers from mid-May to mid-September and rainy. Rather changeable winters from November to March are separated by short autumn and Spring seasons of rapid change in weather conditions....
it is a season of high temperatures with almost cloudless skies.

The Climate of Cyprus

Sophia Rea

Cyprus is a Mediterranean island. In summer it is very hot and dry. we have a long summer. In winter it is actually a little bit cold and we have rain. High up in the mountains we get lots of snow. In the middle of summer and winter we have a very short autumn and Spring.

The Landscape of Cyprus

Cyprus is easy to find on a globe because it has a big pointy bit at the top. It is called the "pan handle". It has lots of forests in the mountains and hilly fields. we also have beautiful beaches.

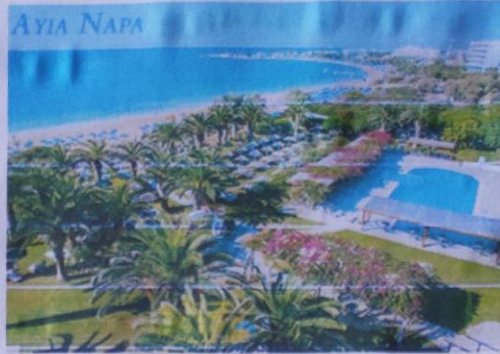

Cyprus Climate

TROODOS

AYIA NAPA

Cyprus has a hot summer and wet winter. Snow is possible only in the Troodos mountains. In winter there are lots of raining and the temperature on the coast is $21-23^{\circ}\text{C}$ during the day. Summer is generally dry - about $35-40^{\circ}\text{C}$ and there are no rain all summer. Usually in the mountains the temperature is 10°C less.

Cyprus has a Subtropical climate with mild winters and warm hot summers. We also have snow up in the Troodos Mountains which is in the middle part of the island. Cyprus also has rain which falls mainly in the winter. Summer is usually hot and dry.

Cyprus

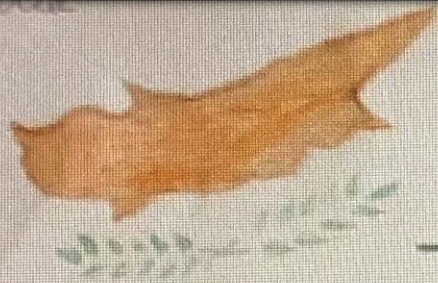

Summer is very hot in Cyprus. We go to the beaches a lot. Autumn is cooler and nice. Winter is colder and it rains a lot. It snows in the mountains. Spring is warmer than winter. The flowers bloom in Spring.

Cyprus Climate

Cyprus enjoys an intense Mediterranean climate, with long dry summers, and short winters.

In July and August the temperatures can get to above 40 degrees, the humidity levels also rise.

Cyprus has one
of the warmest
climates.

Winter is rainy and
snowy sometimes it floods.

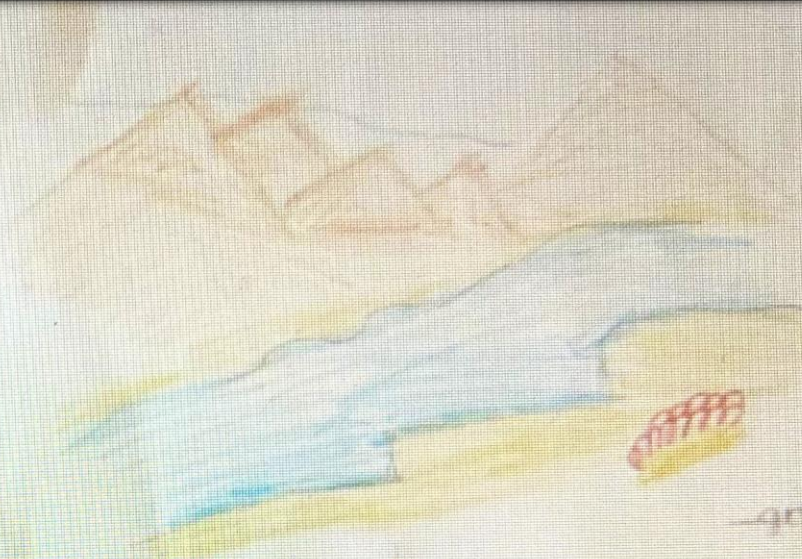

In Autumn the leaves
change colours.

Cyprus is the hottest
in the European Union.

In Spring the
leaves and flowers grow
back.

Cyprus has
mountains,
valleys and
great sandy beaches.

Mount Olympus is the highest peak in
Troodos mountain with many valleys.

Petra to Romiou
and Nissi beach
is best Beaches in
Cyprus.

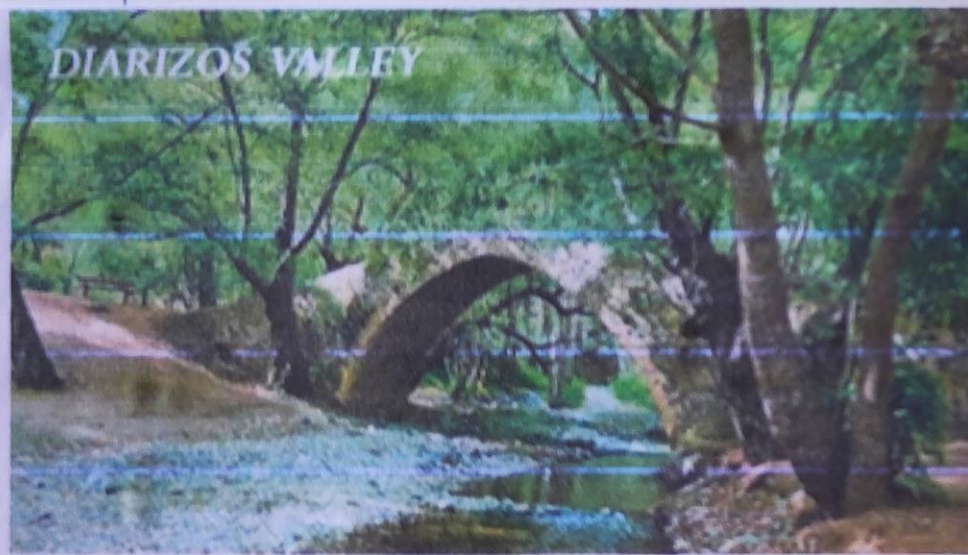

Our 3D Map of Cyprus

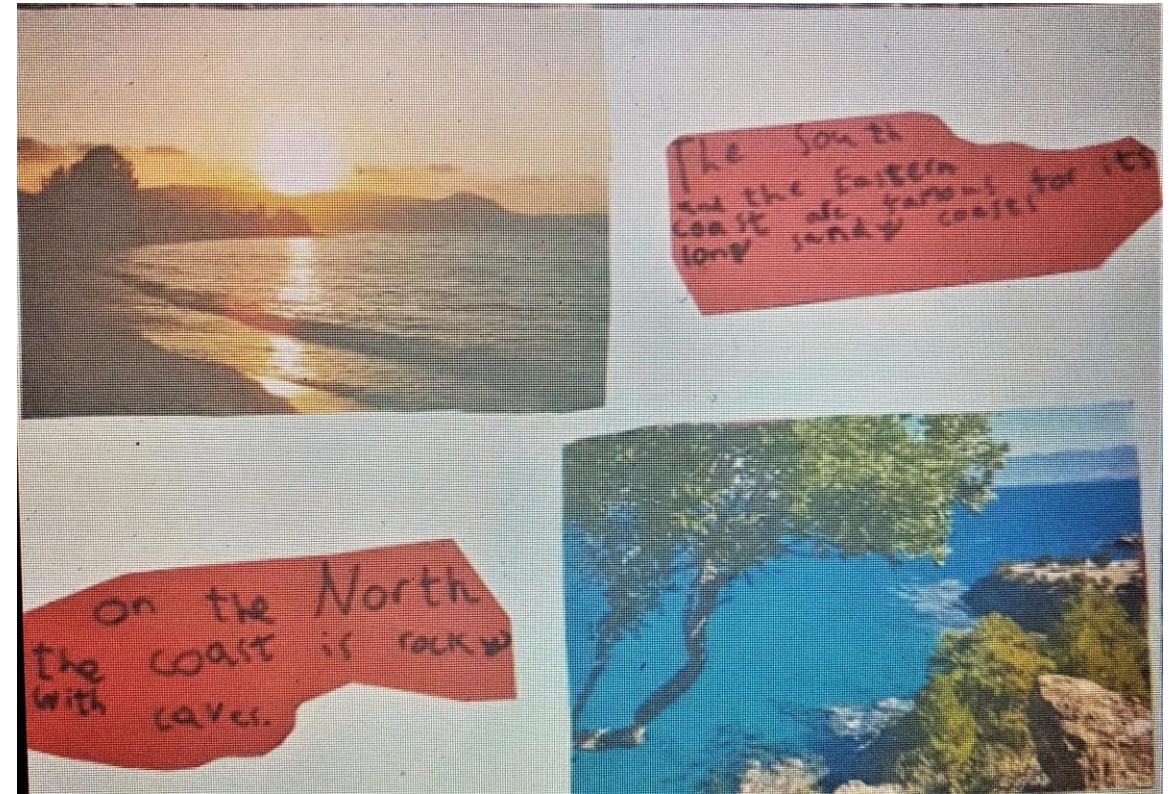

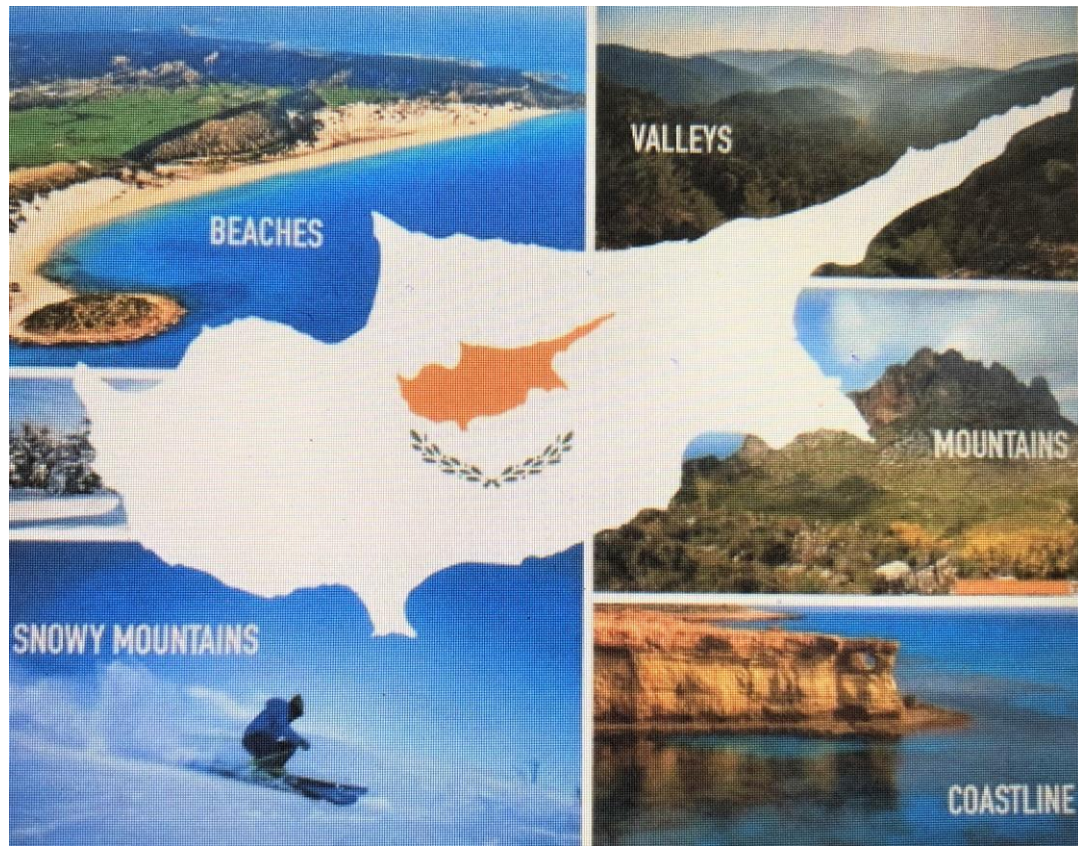

Made from papier mache

The shape of Cyprus is like a frying pan. The name of the biggest mountain is Troodos. Grapes grow in the mountains. Grapes are used to make wine. The beaches are nice and sandy. There are loads of cats.
by Kova

Cyprus is a volcanic Island so sand on most coasts is black. Geographically this island is in Asia. In the sea there are earthquakes near Cyprus. Cyprus landscapes are long sandy coasts, in the South, extremely rocky in the North, hilly fields, fertile plains with vineyard, mountains in the middle with pine forests.

* Logos School of English Education *
Logos is in Limassol, Cyprus. I and my brother and my friends go there. The school starts at 7:30 in the morning. First we have assembly and then we have lessons. We have two recess every day and on some days we have P.E. Every year we have Book week and every week we have V.I.P. There is even a library, a computer room and a playground. But favourite is the computer room.

About our School

Our School is called Logos School. Logos School is in Limassol. We have all different kinds of ages like 3 to 18 year olds. Our day starts with a lesson then every day we have assembly. In assembly we sing songs about God and Jesus and we learn about the Bible. We have got house teams at our school, there are 4, Troodos, Kouris, Akamas and Amathaus. I am in house Troodos. The colour of Troodos is green. If we do good work or we act good we get points. The house that gets the most points gets rewarded with a treat like a non uniform day. My favourite thing at school is everything. Logos School is the best, and I love it so much.

Our School

Logos School of English Education, is a private English school in Limassol, Cyprus. The students at Logos School comes from many different countries, such as Russia, America, England, Scotland, India, Philippines, Sri Lanka and many more.

I like my school because the teachers are kind and caring. I also like playing with my friends at breaktime.

The best thing I like about my school is, they are all kind and friendly.

My School

Mar 2020

My school is in Limassol CYPRIUS. It has students from KG1 all the way up to grade 12. We start early assembly and talk about GOD and sing together. Most days we have English classes, P.E, Greek Lessons, music and play time. We have special events like: Book Week, shows, fieldtrips and lots of fun stuff.

I like Logos School because the teachers are nice and I like to do Art.

Destiny

Geography twinning project

Our School

My school name is 'Lagos school of English Education'. It is in Imassol. Children goes there. School starts at 8:30 AM then we gather in assembly hall. We sing songs then we go to classroom to attend different subjects lessons. In a week 2 days are for PE. We have sports and school finish at 3:30.

Next event will be a test of students.

I like to do school projects of all subjects also I like to go to picnic which ^{is} arranged by school.

Cyprus

Cyprus is a weird shape like a crocodile. In summer time the weather is very hot. We have very many nice beaches and a lot of people swimming there and they spend nice time. The mountains are amazing. In summer time we go there, we have cold fresh air. Winter time is cold it is not very cold. It shows only one mountain which has trees and we have different kind of trees we will have apple trees and when you walk past the street you will see trees everywhere.

I wish you like my country and you come to visit Cyprus.

Thanks for watching

It has been a lot of fun making this presentation about our lovely island of Cyprus. We have learned some new things during our study. We hope you find it interesting and maybe plan to come and visit some day.
