

12 June 2020

Hi gang,

Hope you've had a good week. I know that Polly, Sam and Theo J have been busy coding on www.code.org and if anyone else would like their login details please email me and I can send over the links and your password picture.

Many of you have been writing and sending me your 'Memories of Lockdown' and I think I'm not alone in saying I hope Lockdown is a distant memory soon! If you haven't written yours, don't forget the document is here in this Home Learning Section.

Can you also see that I have put the Cyprus Powerpoint on here for you to take a look at? The children's teacher has said how much they have enjoyed seeing our padlet and how much they also enjoyed putting together the work about their country. Cyprus certainly sounds lovely!

Are you all managing to get a bit of shape work done? Do you know the names of the 2D and 3D shapes? I've put some shape activities on here for you to try out. You can print them out or just open them up and answer the questions on a piece of paper. I've also included an angle eater which I mentioned last week. It looks like a Pacman and you can cut it out and go hunting for right angles! Remember if you don't understand anything the Oak Academy videos are good for explaining the shape work.

How many of you have signed up to the 'Silly Squad' Summer Reading Challenge? Let me know if there's a good book recommendation you want to share with the rest of the class and I can pass it on in next week's letter.

While I've been in school we've been using some fun writing packs. I've uploaded the pack called 'Journey to the Jungle' which we've used in class and enjoyed. Take a look, follow the link on p. 3 of the pack to listen to the diary entry (or you can just read it in the pack) and then have a go at the activities.

Another thing we've been doing is a Theme Parks topic where we design our own theme park. I have selected 9 different activities with PowerPoints and links that I have added to a padlet for you to have a go at. For lots of the activities you just need some plain paper. Hope you are feeling creative and have some fun with it! Here's the link: <https://en-gb.padlet.com/bethCarr1/Themepark>

Well, that's all from me again. Look after yourselves and your families.

Mrs Carr x
